

SCOTTISH ST ANDREW SOCIETY OF KANSAS CITY ST LOUIS

February Bulletin - 1977

We are still suffering from winter's bite but we should hope that Spring is not too far away. Despite the weather we had a marvellous turn out for our Robert Burns Dinner, and I was extremely happy with the enthusiasm of so many people who spoke to me when the evening was over. Our dinner and program lasted much longer than we had scheduled but there was such a happy spirit pervading the ballroom, that I had very few complaints. The group from the Kansas City St. Andrew Society, said they wished that they had such happy friendly dances. We are hopeful that when we "bally up", we may recoup some of our losses from our November dance.

Remember to search out for our March Meeting any "White Elephants" you have, for our auction. What is junk to you, may be treasure trove to someone. More details in our next bulletin.

Coming Events to note on your Calendar
