

Scottish St. Andrew Society of Greater St. Louis

January Bulletin - 1977.

Looking back on the antics of "Old Man Winter" since the year came in, we should have no difficulty in understanding what Robert Burns meant when he said "T'was then a blast o' Janwar win' Blew hansel in on Robin."

Let us hope that when we belatedly celebrate his 218th Birthday on Saturday, February 5th 1977, the cauld blast will be tempered somewhat. However no true Scot would let a wee bit ice or snow, stop him or her from celebrating the anniversary of, "The lad who was born in Kyle". Please get your bookings in early, this is going to be a special night. Our program should be of special interest to the ladies as we will have a lass, who like Burns, was born in Ayrshire, coming from Kansas City, to give a ladies look at Burns and to sing some of his love songs. Considering how much he loved and admired the "lassies", I am sure he will be peeking down on us from somewhere with great interest.

Elizabeth McCarthy, Liz, will be well worthy of your interest too. Tickets priced at \$12.50 each and children at \$4.50.
